Hosted Payment Pages

A secure way to
increase conversion

GATEWAY

Why choose Worldpay Gateway?

1

Single integration allowing access to full suite of functionality

2

Robust, global, high-capacity solution

3

Customer-led innovation and insight

Hosted Payment Pages

Our Hosted Payment Pages capture consumers' sensitive payment information for you, helping you reduce your security costs.

The pages have been designed with consumers in mind to ensure they get the best user experience, and because they are built to work across devices, they offer a more secure way to increase conversion.

You can access our Hosted Payment Pages via integration with our Gateway; a connection which provides you with an efficient and flexible solution that supports global payment needs.

Hosted Payment Pages benefits

Reduce your security risk

One integration for multiple payment services

Increase global acceptance

Hosted Payment Pages capture sensitive data for you, lowering your PCI requirements and costs.

A single integration allows access to multiple languages and payment methods across multiple devices.

Our Hosted Payment Pages are built with a global mindset, and translated into 30+ languages with over 60 payment types.

Maximise conversion

Increase global reach

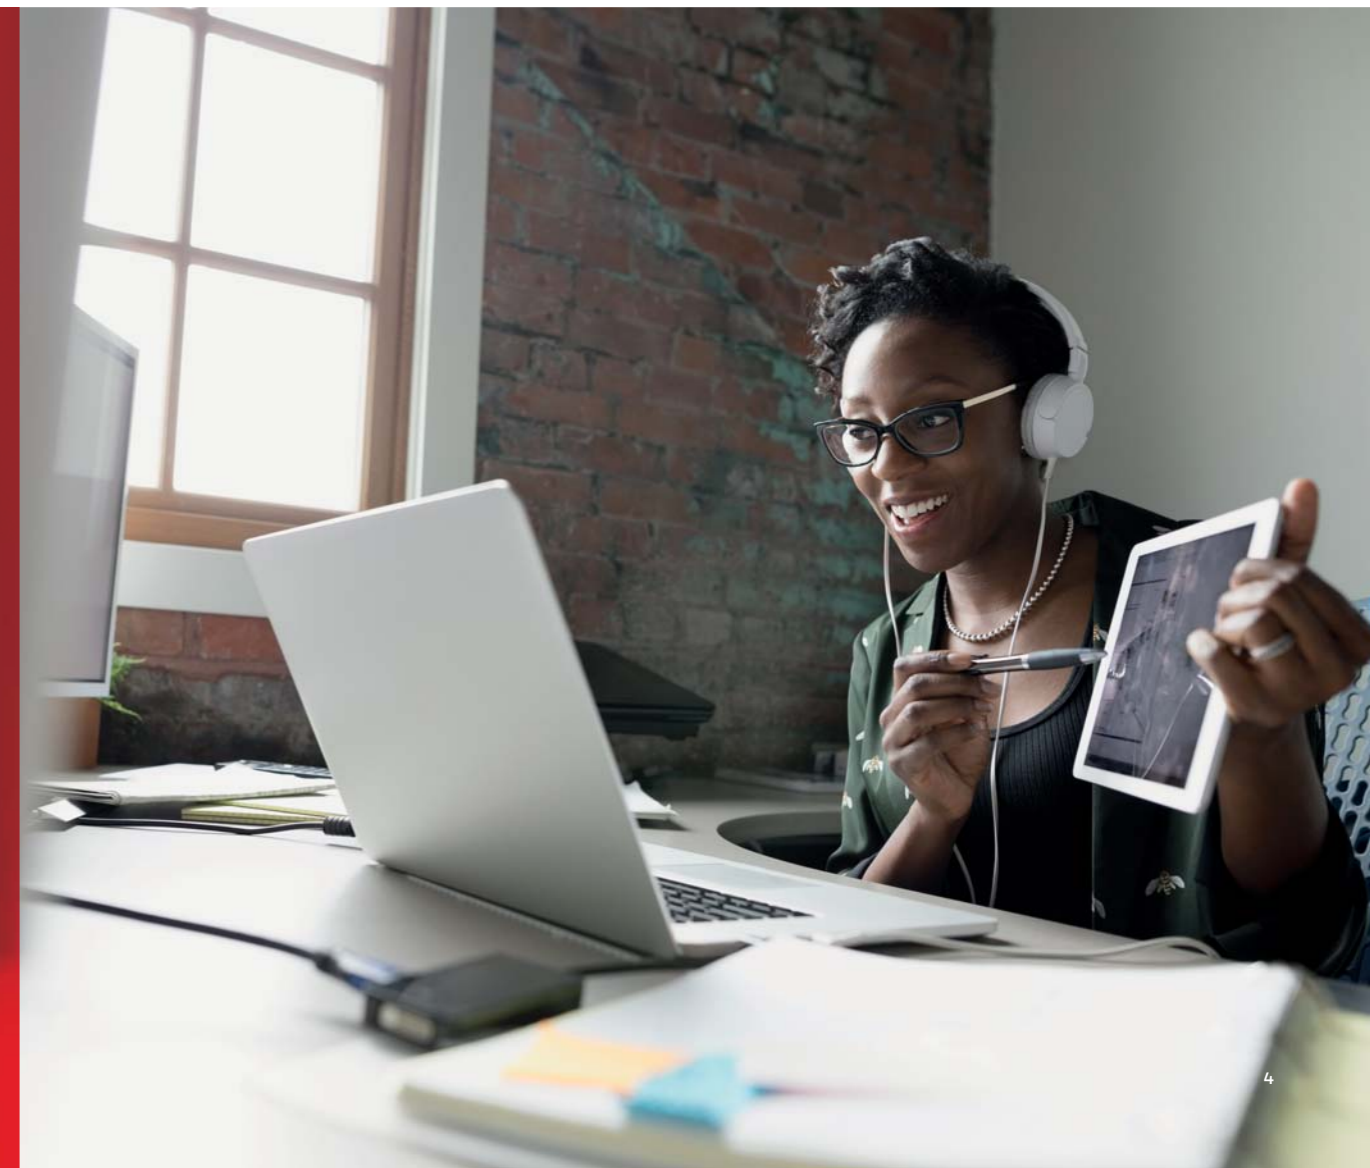

Reduce costs

Additional features

Responsive page design

We work closely with you to create payment pages that are future-proof and clutter-free. Our Hosted Payment Pages are a result of best practice and world-class user experience expertise.

They are designed to decrease cart abandonment and deliver a seamless user journey on any device your consumer may use.

Customisable for a consistent user experience

You can customise our Hosted Payment Pages with your brand to provide consumers with a consistent experience.

iFrames and lightbox support

iFrames: With iFrames, you have the ability to embed our Hosted Payment Pages into your own website. This ensures an effortless shopping experience for the consumer while keeping your security requirements low.

Lightbox: Lightbox allows Hosted Payment Pages to sit in front of the host page, making payments as seamless as possible.

Simple, sophisticated checkout

Our Hosted Payment Pages have been designed with consumers in mind to allow an easy payment experience across devices.

On touch devices (tablets, phones), the Hosted Payment Pages will allow swiping through payment options.
