About WorldPay

- Over 20 years' experience as the UK's number 1 card payment processing provider
- Pioneered online payments for small and medium sized businesses
- Process millions of online payments every day - safe, secure and fast.

Add-on Services

You can add on the following services for a small one-off set-up fee:

- Mail and Telephone Order Payments – accept telephone payments and use as a back-up service or to attract new customers
- Recurring Payments - collect subscriptions and let your customers pay by instalment

Fraud Screening

Our Risk Management solution is a sophisticated checking system for identifying potentially fraudulent transactions. It is included as standard in our Business Gateway Plus account.

Features:

- compares the payment information that your customer supplies with a constantly updated database of millions of payments
- helps detect patterns of fraudulent activity and notify you of the potentially fraudulent situations
- restricts chosen email addresses, names and computer (IP) addresses.

WorldPay also supports bank initiated fraud checks including: AVS, CV2 and 3D Secure (Verified by Visa and MasterCard SecureCode).
